Quick Cooling & Quick Pain Relief for Burns?

- Burncare provides effective treatment and quick relief from the pain of burns.
- Burncare quickly cools the burn minimizes tissue damage and helps the healing process.
- Burncare provides a sterile barrier against contamination.
- Burncare's water-based non-toxic gel is water-soluble and can be easily washed off where further medical treatment is required.

Cooling

Burncare hydrogel dressing is as effective as cold water in cooling burns and speeding up healing time. Burncare is simple and convenient to use and separate from water, the gel stays on the burn and continues cool without further application.

Pain relief

Burncare provides effective pain relief during ongoing treatment.

Prevents infection

Burncare provides an effective barrier against contamination
