

# SUPERSOFT

## Blue

### Description

- A self-adhesive foam
- It sticks to itself when you wrap it around the items ex. a finger
- It does not stick in the wound area and not in the hair
- You can add the dressing even on wet skin
- It remains in wet environments, even at ex. bathing
- The dressing "breathe", which means good healing of wounds
- The dressing is easy to remove and it leaves no sticky residue left on the skin

### Use

- ❖ It works as a plaster to stop blood
- ❖ Great for fixing burn dressing
- ❖ If the "bleed through" makes it easy to add-on additional SuperSoft
- ❖ SuperSoft is elastic and comfortable to wear, good for example. fingertip.

Ref. no 3385-B Blue
